Work Experience

Current: July 2008 to present
Managing Director
Eastern Europe Economics Ltd
Belgrade, Serbia

Description: Establishing an economic research consultancy focusing on Eastern Europe (<http://easterneuropeconomics.co.uk>). The firm seeks to identify profitable opportunities in the region by combining City experience with the invaluable knowledge and flexibility provided by being based in the region. Duties include conducting research trips, advising clients, marketing the firm and developing a network of associates to expand the breadth and depth of the product.

Previous: 07.10.96 to 31.03.2006
Director
Economic and Market Analysis,
Citigroup, London E14 5LB

Description: Macroeconomic coverage of Eastern European for emerging market fixed income, equity and foreign exchange desks. Duties included the creation of bespoke research and contributions to daily, weekly and monthly products. The position involved constant interaction with sales/trading and external clients as well as regular research/client trips.
