

Curriculum vitae

Name: David Parish
Current position: Independent Consultant
Year of Birth: 1950
Qualifications: MSc (Economics)
Languages: English, French, some Czech and Swahili

Key experience:

David Parish has thirty years experience in economic consulting, working in countries throughout Europe, Asia and Africa. He has extensive experience in the fields of infrastructure development, enterprise reform and human resources. He has worked in many fields including wide ranging experience in energy, transport, the water industry and privatization and at various times lived in Tanzania, Zimbabwe, Kenya, Slovenia and the Czech republic as well as the UK. He was formerly a director of C3 Management and Economic Consulting. Before joining C3 he was for many years a partner in Coopers & Lybrand's consulting practice and earlier in his career he was a British civil servant. Most recently he has been working on power sector evaluation for ADB in India, Sri Lanka, Pakistan, Bangladesh and the Philippines, advising the government of Bangladesh on a proposed US\$3 billion investment programme from an Indian investor and on ways of improving its performance in attracting large inward investment projects and assisting the Electricity Regulatory Commission of Jordan on the design of tariff methodologies and procedures and on financial indicators.
