Experience record:

INDONESIA
2004
Apr-Oct

Monitoring and Evaluation Advisor
Kecamatan Development Program(KDP)/World Bank

KDP is a village level infrastructure and microfinance program oriented towards the poor in rural areas. Villages in the selected Kecamatan (sub-districts) submit proposals which are ranked (by locals at Kecamatan level). Blockgrants of \$40,000-\$114,000 are provided to the Kecamatan to finance as many as possible of the proposals (approx \$7000 each) in rank order. Indonesian consultants provide advice and support. The M&E Advisor provided high level advice on all areas of M&E to senior management and the various supporting units at HQ in Jakarta and helped train eventual replacements.

PORTUGAL
2001-03

Private sector consultancy to the cork industry concerning the analysis and presentation of trends in production, consumption and international trade in a range of cork products and their competitors.

PHILIPPINES
1991-01
(ADB)

Permanent Staff
Country Economist (1991- 1992) and Project Economist (1992-2001)
Responsible for a range of projects and TAs of which a selection is provided below:

**INDONESIA
1999-00**

**Team Leader/Project Economist
Agriculture and Rural Development Division (East)**

Undertook numerous technical assistance and loan projects and programs involving both processing (preparation) and administration. The work was fairly evenly divided between policy/strategy and investment projects. A selection is presented below:

**INDONESIA
2000**

**Team Leader
Small Farmer Income Improvement Project**

Mission Leader for the preparative technical assistance for this project which broke new ground in maximizing the involvement of stakeholders in both its design and implementation. The project itself was approved in 2002 and is under implementation.

**INDONESIA
1999-00**

**Economist/Microfinance Specialist
Community Empowerment for Rural Development**

Responsible for the preparation of the microfinance component of this 6 Province project approved October 2000 and provided general agriculture sector policy input.

**Team Leader
Participatory Approaches to Rural Income Generation**

Led technical assistance project that developed and formalized innovative approaches to improving rural incomes. Completed September 2000.

INDONESIA 1996-01 (IFAD)	Team Leader/Project Officer Rural Income Generation Project/P4K III (1996-2001) Led a project jointly financed by IFAD. The (microfinance based) project, entitled P4K Phase III in the IFAD programme, has the objective of reducing or eradicating poverty in rural Indonesia. The current phase, which is focused on 12 provinces and which should reach 800,000 poor families is due for completion in 2005. The seven year project was approved by the ADB's Board and IFAD in late 1997 and is currently being implemented.
INDONESIA 1997-98	Team Leader/Project Officer Agriculture Sector Strategy Review Led a study reviewing all aspects of sector policy including regional and provincial issues. In this context the agriculture sector included forestry and fisheries, environmental issues in rural areas were also included.
MALAYSIA 1996	Project Economist Lower Saribas Agricultural Development Project This project represents an innovative attempt to involve local (mostly poor) people in collaboration with the private sector in the development of an oil palm estate. It also incorporated an environmental component concerned with the trade-offs between forest conservation and rural income enhancement from oil palm.
MONGOLIA 1995-99	Mission Leader/Project Officer Agriculture Sector Program Loan (US\$35 mn) Approved in December 1995. The program has had a dramatic impact on Mongolia's transition process through policy and legal changes that resulted in the liberalization of the agriculture and food sectors. Preparation for the loan also included a detailed Social Impact Assessment (SIA). This was the first time an SIA was developed in ADB for a program loan and was subsequently used as an example. Land ownership and mapping were an important part of the associated TA.
1992-94	Agriculture Department (ADB was reorganized as of 1 Jan 1995)
NEPAL/PNG/FIJI/ MARSHALS/ SOLOMONS 1992-94	Project Economist/Mission Leader Led a wide range of technical assistance and loan projects in Nepal, Papua New Guinea (PNG) and several Pacific Islands. Special responsibility for agricultural policy and projects in PNG including technical assistance and loan projects concerned with environmental sustainability, rural development and the use of marine resources to benefit local communities.
MALAYSIA 1991-92	Country (Macro) Economist Programs Department (East) Responsible for monitoring macro-economic performance with occasional focus on specific sectors. After discussion with the Malaysian authorities, wrote the 1991 Economic Report and Bank Operations paper for circulation to the ADB Board. Also assisted with the preparation of various projects in Malaysia and Indonesia.

AUSTRALIA
1990-91
October-April

Quantitative Economist

Hassall & Associates, Canberra / Grains Council of Australia

Responsible for building a database and model for 'Grains 2000', a project undertaken for the Grains Council of Australia. The model identified and compared trends in grain and oilseeds production in Australia with those elsewhere and, through value-added components, identified areas for Australian grain sector development in the coming decades. Results were presented at the 'Grains 2000' seminar in September 1991, Canberra.

INDONESIA
1987-90
July-September
(ODA)

Policy Analyst

BULOG/ODNRI Development Project, Overseas Development Administration (ODA) Jakarta

Policy analyst in a two-man advisory team set up to establish an Integrated Planning Unit (IPU) with particular responsibility for quantitative (econometric and programming) analysis. This unit provided policy advice to top management in BULOG which was at that time the government agency responsible for regulating markets in the principal food crops, especially rice.

ZIMBABWE
1987-87
February-May

Team Leader

Food Studies Group (University of Oxford) / European Development Fund
